Resolute Investment Managers Wins *Pensions & Investments*' Best Places to Work in Money Management Award for Third Consecutive Year

IRVING, Texas – December 13, 2021 – [Resolute Investment Managers, Inc.](#) (“Resolute”), a diversified, multi-affiliate asset management platform with more than 30 affiliated and independent relationships, today announced it was named a 2021 Best Place to Work in Money Management by *Pensions & Investments*, marking the third consecutive year the firm has received the award.

Presented by *Pensions & Investments*, the global news source of money management, the 10th-annual Best Places to Work in Money Management survey and recognition program is dedicated to identifying and recognizing the best employers in the money management industry.

“We’re honored to be recognized again for this award and believe it is a testament to our ongoing commitment to support and provide growth opportunities to our employees,” said Gene Needles, chairman and CEO of Resolute. “I’m especially proud of the steps we have taken to adapt to the future of work and prioritize our employees over the past year, including implementing a flexible work protocol and hosting remote, education-centric town halls. Additionally, I remain encouraged by our firm’s ongoing dedication to an equitable workplace, following my participation in the [CEO Action for Diversity and Inclusion™ pledge](#) and the establishment of Resolute’s own Diversity, Equity & Inclusion Advisory Council.”

“Now in its 10th year, P&I’s Best Places to Work in Money Management spotlights the unique ways that employers build healthy and thriving work cultures,” said P&I executive editor Julie Tatge. “This year was no different. The 100 firms profiled in our Dec. 13 issue grappled with myriad challenges posed by the pandemic and met them, helping ensure that their employees felt supported and able to do their best work.”

Pensions & Investments partnered with Best Companies Group, a research firm specializing in identifying great places to work, to conduct a two-part survey process of employers and their employees. The first part consisted of evaluating each nominated company’s workplace policies, practices, philosophy, systems and demographics. This part of the process was worth approximately 25% of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top companies.
